CONSUMPTION CURED!

CANCHALAGUA;

FOR THE COMPLETE CURE OF
Coughs, Colds, Influenza,
Asthma, Bronchitis, spitting of
Blood, and all other Lung
Complaints tending to
CONSUMPTION.
READ! READ!!

This medicine is just what it is declared to be above A remedy for the *complete cure* of all those affections of the Throat and Lungs which if neglected, always end in CONSUMPTION It is not a worthless, *catch penny article* made just *to sell* like many of the common nostrums of the day but it is a strictly *scientific Preparation*—the original recipe having been furnished by an eminent Physician, (the late Prof Rogers,) and that still further improved by one of the present proprietors, who is himself a *regularly educated Physician* a graduate of the University of Pennsylvania It is composed of the choicest articles in the vegetable kingdom most of them of long tried value and established reputation and some of them *entirely new* particularly the CANCHALAGUA a plant of *most wonderful* medicinal virtues lately introduced into this country from California The Medicine has been shown to thousands of Physicians who have universally approved of it, and will be shown to any Physician who desires to see it upon application either to the Proprietors or their Agents It has been used in *multitudes of cases*, and is strongly recommended by *Physicians* even *Professors* in our Medical Colleges Ministers of the Gospel Judges Lawyers Merchants Mechanics &c—a conclusive proof that there is no *quackery* or *deception* about it but that it is a medicine of most uncommon virtue and efficacy

PAMPHLETS

As no ordinary sized advertisement can *begin* to do justice to the merits of this article the Proprietors have embodied in a pamphlet form the *history* of this Medicine—the *description nature*, &c of its principal ingredients—the *effect* they are designed to have upon the human system—and above all the *incalculable amount of good* which it has done They design to circulate this pamphlet extensively, but should any one be overlooked they are earnestly desired to call upon the Agents named below, and procure one *gratis* The *hints* on page 7th may be worth to yourself or family THOUSANDS OF DOLLARS and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible

Such being our confidence in its virtues we are willing to *warrant* the Medicine in *every recent case*, (if used according to the directions) and where the person is not satisfied that he is not deriving benefit from it, by returning the bottle within 24 hour's time

THE MONEY

will be refunded ☞See page 3d of the Pamphlet

For sale wholesale and retail by A L SCOVILL & CO, Proprietors at their *Principal Office* No 65 Warren St, New York to whom all orders for the Medicine and letters relating to agencies, should be addressed *post paid*

☞Be sure to ask for *Dr A Roger's Syrup of* LIVERWORT, TAR and CANCHALAGUA, and let no other be palmed on to you

Caution.—*None genuine* unless there is on the buff wrapper a *note of hand* signed with a *Pen*, by A L SCOVILL & CO

Wilder's Patent SALAMANDER SAFES

90 STATE STREET,
CORNER OF MERCHANTS ROW
Secured against Gunpowder
....AND....
WARRANTED NOT TO INJURE BOOKS OR PAPERS, BY DAMPNESS.

THESE are the *only Safes* (WILDER'S PATENT) that have in every instance preserved their contents when exposed to large fires like the burning of the Tribune printing office in New York and many others, too [illegible] to mention The above Safes are manufactured and for sale by JOHN E WILDER, Boston and for sale in Bangor, at the manufacturers prices, by FISKE & DALE

☞**The Following Letter** from the Superintendent of the Maine Telegraph Company is another proof of the superiority of JOHN E WILDER'S Safe over all others—

BANGOR, Oct 24, 1849.
John E Wilder, Esq—
Dear Sir—The Safe I purchased of you was exposed to a great degree of heat at the burning of the Telegraph Office, in this city It was in the fire six hours, the books and papers were uninjured, and the damage to the Safe very slight, although it fell from the second story to the basement of the building The little repairs necessary to the Safe have been made, and we shall not need to return it, It is still as good as new

PATENTS

American and Foreign Office.

AGENCY FOR BUSINESS
With U S. Patent Office
WASHINGTON
NO 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents Agent of the U S Patent Office, in accordance with the 10th Sec of Act of '37

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office *whereby a Patent may be procured about six weeks earlier* he continues to forward them free of expense—to prepare Caveats Specifications Assignments and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same Patents secured in Europe and other countries

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents They also have the advantage of *verbally* explaining their inventions and of consulting in respect to them, *matters, in general, of paramount importance in order to obtain correct specifications and claims* The experience of *sixteen* years practice an extensive collection of rare works decisions &c on mechanical subjects the Patent Laws and patents of different countries, collected at much expense during the long time this office has been established together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents assistance and information which in other respects might be difficult of attainment
R H EDDY Solicitor of Patents

WASHINGTON, JULY 21, 1849.— During the time I occupied the Office of Commissioner of Patents R. H EDDY Esq, of Boston, did business at the Patent Office as Solicitor for procuring Patents There were few, if any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill fidelity and success I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office

GREAT IMPROVEMENT IN *Planing, Tongueing, and* Grooving Lumber.

JOSEPH P WOODBURY'S
Patent Planing Machine.

THE subscriber having received Letters Patent for a stationary Cutter, Planing, Tongueing and Grooving Machine, now offers for sale Machines and Rights to use the same This machine will plane 6,000 feet of boards to any uniform thickness in one hour producing a better finished surface than it is possible to plane by any other means now known not excepting the hand plane and is peculiarly adapted to plane and joint clapboards, or weather boarding and will do the work faster and better than any machine heretofore invented This machine is so arranged that it planes the board with an unbroken shaving the whole width and length of the material and does not take more than two thirds the power that is required to do an equal amount of work by the Rotary Cutting Cylinder now in common use The construction and organization of this machine is different from any other now in use Communications for further particulars cheerfully responded to by addressing the subscriber (post paid) Boston, Mass

One of the above Planing Machines may be seen in operation by calling on the Patentee

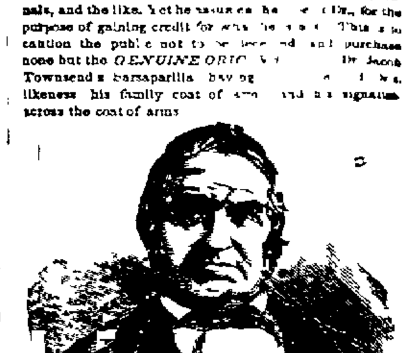
CAUTION EXTRA

A man by the name of [illegible] P [illegible] has engaged with a young man of the name of [illegible] Townsend, and uses his name to put up a Sarsaparilla which they call Dr Townsend's Sarsaparilla, denominating it *GENUINE* Original etc This Townsend is no doctor and never was but was formerly a worker on rail roads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not This is to caution the public not to be deceived and purchase none but the *GENUINE ORIGINAL* [illegible] Dr Jacob Townsend's Sarsaparilla having on it [illegible] likeness his family coat of arms and his signature across the coat of arms



Principal Office 102 Nassau [illegible]

OLD DR. JACOB TOWNSEND,

THE ORIGINAL [illegible]
Genuine Townsend Sarsaparilla

Old Dr Townsend is now a [illegible] and has long been known as the [illegible] *FRER* [illegible] the *GENUINE* [illegible] *SEND SARSAPARILLA* [illegible] pelled [illegible] its manufacture [illegible] been kept out of market and the [illegible] those only who had proved its value [illegible] reached the ears [illegible] as those persons who had been h[illegible] and saved from death proclaimed its excellence and wonderful

HEALING POWER

Knowing *many years ago* that he had by his skill science and experience devised an article which would be of incalculable advantage to mankind when the means w[illegible] be furnished to bring it into universal notice when its [illegible] virtues would be known and appreciated [illegible] this time has come, the means are supplied this

GRAND AND UNEQUALLED PREPARATION is manufactured [illegible] the largest scale and is called for through[illegible] the length and breadth of the land especially as it is found incapable of degeneration or deterioration

Unlike young S P Townsend's it improves with age, and never changes but for the better because it is prepared *on scientific principles* by a scientific man The highest knowledge of Chemistry and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla The Sarsaparilla root it is well known [illegible] contains many medicinal properties and some [illegible] which are inert or useless and others which [illegible] retained in preparing it for use produce fermentation and acid which is injurious to the system Some of the properties of Sarsaparilla are so *volatile* that they entirely evaporate and are lost in the preparation if they are not preserved by a *scientific process* known only to those experienced in its manufacture Moreover these *volatile principles* which fly off in vapor or as an exhalation under heat are the very *essential medical properties* of the root which give to it all its value

Any person can boil or stew the root till they get a dark colored liquid which is [illegible] from the coloring matter in the root than from anything else they can then strain this insipid [illegible] sweeten with sour molasses and then call it SARSAPARILLA EXTRACT or SYRUP But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

This is so prepared that all the inert properties of the Sarsaparilla root are first removed every thing capable of becoming acid or of fermentation is extracted and rejected then every particle of medical virtue is secured in a pure and concentrated form and thus it is rendered incapable of losing any of its valuable and healing properties Prepared in this way it is made the most powerful agent in the

Cure of innumerable diseases

Hence the reason why we hear commendations on every side in its favor by men women and children We find it doing wonders in the cure of *CONSUMPTION DYSPEPSIA* and *LIVER COMPLAINT* and in *RHEUMATISM SCROFULA PILES COSTIVENESS* all *CUTANEOUS ERUPTIONS PIMPLES BLOTCHES* and all affections arising from

IMPURITY OF THE BLOOD

It possesses a marvellous efficacy in all complaints arising from *Indigestion* from *Acidity of the Stomach*, from unequal circulation determination of blood to the head palpitation of the heart, cold feet and hands cold chills and hot flashes over the body It has not its equal in *Colds* and *Coughs* and promotes easy expectoration and gentle perspiration relaxing stricture of the lungs, throat and every other part

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds [illegible]

FEMALE COMPLAINTS

It works wonders in cases of *Fluor Albus or Whites Falling of the Womb Obstructed Suppressed or Painful Menses Irregularity* of the menstrual periods and the like and is as effectual in curing all the forms of *Kidney Disease*

By removing obstructions and regulating the general system it gives tone and strength to the whole body and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal irritation Neuralgia St Vitus Dance Swooning Epileptic Fits Convulsions* &c

It cleanses the blood excites the liver to healthy action tones the stomach and gives good digestion, relieves the bowels of torpor and constipation allays inflammation purifies the skin equalizes the circulation of the blood producing gentle warmth equally all over the body and the insensible perspiration relaxes all strictures and tightness removes all obstructions and invigorates the entire nervous system Is not this then

The medicine you pre eminently need!

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S

because of one GRAND FACT that the one is INCAPABLE of DETERIORATION and

NEVER SPOILS

while the other DOES *souring fermenting* and *blowing the bottles* containing it into fragments the sour acid liquid exploding and damaging other goods Must not this horrible compound be poisonous to the system?—*What! put acid into a system already diseased with acid* What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? flatulence heartburn palpitation of the heart, liver complaint diarrhoea dysentery colic and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin Scald Head Salt Rheum Erysipelas White Swellings Fever Sores, and all ulcerations internal and external? It is nothing under heaven but an acid substance which sours, and thus spoils all the fluids of the body more or less What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations and nearly all the ailments which afflict human nature

Now is it not horrible to make and sell and *infinitely worse* to use this

SOURING, FERMENTING ACID COMPOUND OF S P TOWNSEND

and yet he would fain have it understood that Old Dr Jacob Townsend's *Genuine Original Sarsaparilla* is an IMITATION of his inferior preparation

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S P T's article! and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold and purchasers who have used S P Townsend's FERMENTING COMPOUND

We wish it understood because it is the *absolute truth*, that S P Townsend's article and Old Dr Jacob Townsend's Sarsaparilla are *heaven wide apart*, and infinitely *dissimilar* that they are unlike in every particular having not one single thing in common

As S P Townsend is no doctor and never was is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common unscientific unprofessional man what guarantee can the public have that they are receiving a genuine scientific medicine containing all the virtues of the articles used in preparing it and which are incapable of changes which might render them the AGENTS of Disease instead of health

But what else should be expected from one who knows nothing comparatively of medicine or disease It requires a person of some experience to cook and serve up even a common decent meal How much more important is it that the persons who manufacture medicine designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants the best manner of securing and concentrating their healing virtues also an extensive knowledge of the various diseases which affect the human system and how to adapt remedies to these diseases

It is to arrest frauds upon the unfortunate to pour balm into wounded humanity to kindle hope in the despairing bosom to restore health and bloom and vigor into the crushed and broken and to banish infirmity that OLD DR JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach and to the knowledge of all who need it that they may learn and know by joyful experience its

Transcendent Power to Heal

Peace Movements.

The movements of the friends of Peace are now such as to give hope of great success.—The leading spirit, the most efficient agent and advocate of the cause of Peace and universal Brotherhood, in this country and doubtless in the wide world is Elihu Burritt, our own New England 'Learned Blacksmith.' He is pushing the enterprise to an extent and in a manner calculated to arrest the attention and ultimately to secure the cooperation of the wise and the good in all lands and languages.

We propose to glance at some of the movements which have been set in successful operation. One is the establishment of the League of Brotherhood in each country, in which thousands and millions are united in a Pledge of Peace and of Brotherhood. The League is world-wide in its character and embraces men and women in every part of the civilized globe. Next there are many lesser associations as, Olive Societies for town and county, &c. These town societies are put in friendly correspondence one with another: that is, a society in Bangor, for instance in correspondence with one in Liverpool, London or Manchester, England, writing and receiving a social letter once a month or once a year as they mutually agree; and so with a society in some town in France or Germany. The writing of these periodical letters is an exercise, calculated to strengthen affection in the cause and to awaken thought and to give the subject of peace great prominence in the conversation of those thus engaged, while at the same time, it serves to awaken new sympathies for those in distant lands who are thus in social communication. Indeed these monthly or weekly meetings of peace, in the several places where they are held, cannot fail to be highly interesting. Here their letters from the different countries of the world unfold all the matters of local and special and friendly interest, touching their cause and their organization: all the local facts which gladden their hearts, in the progress of the cause. Their contributions go to sustain the distribution in all lands and among all classes of people, little printed sheets or 'Olive Leaves' devoted to the subject of Peace and unfolding the sublime principles of the Fatherhood of God and the Brotherhood of Man.

In this way the social principle is brought into activity to promote a great and good cause: to operate legitimately in knitting the hearts of mankind together and securing 'Peace on earth and good will among men.'

Mr Burritt is surely correct in his opinion that this attraction of the social principle is fast taking hold of the communities of the world and bringing them into the orbit of brotherhood. And great nations are to be fraternised through communities and thus the tea-table and hearthstone will be expanded until the largest communities of the world are socialised and cemented by the kindliest affinities of the family circle. The Peace Circles of various kinds in Europe and America are now working well and adding to their strength of attraction in every new circle they add to their constellation, and in every new bond by which they connect and fraternise the circles already formed. We rejoice to see the development of the true spirit of brotherhood, with all its social attributes; and we look forward with hope to that period when this spirit shall cause to be broadly acknowledged among men the essential equality of mankind and discharge in a more hearty manner of the social duties of life.

There has been established by the pledged friends of peace, an annual World's Convention, embracing representatives from all countries.—One of these conventions has been held in England, another in France; and the next is to be held in Germany. They have brought together many of the best minds in the world, to consult together upon the great principles of Universal Brotherhood.

Large conventions have already been held in several of the States of our Union for the purpose of choosing delegates at large to attend this coming world's convention, and it is proposed to choose a delegate from each Congressional district, so that the United States may be represented by number equal to our Congress.

The plan is now in the course of preperation for a grand peace Fair or sale of articles for raising funds to sustain the publication and distribution of 'Olive Leaves.' This sale is to be held in England during the session of the yearly meeting of the Friends. The ladies of Scotland have engaged to supply and sustain a Scottish Stall: the ladies of some of the large towns in England will sustain a stall for the several places: the French ladies, German ladies, American, &c, will each sustain a National Stall during the sale. It will be an exhibition of novel interest and of great moral significance and usefulness. We trust that the American ladies will be able to have their country handsomely and suitably represented in this enterprise.

These are some of the means by which the great moral enterprise of Peace and Brotherhood is carried forward, linking itself with the best sentiments of the human heart and connecting itself with the most pleasurable associations, and mingling with it the dearest interests of humanity. It is bound to succeed, and in its success the world will be blessed beyond expression. Then the immense sums now expended for military armament, armies and navies, will be appropriated for purposes of education and general human improvement; and mankind reach a higher mental and moral plane and enjoy in a larger degree the advantages resulting from a higher, a more interior and purer culture. The nations shall then see and know, what they should long since have learned and practiced, that their true mission is to meliorate the condition of men and to work actively in the cause of beneficence, and to perform for all their [illegible] the best possible uses.

☞ It is stated that the Governor of South Carolina will appoint Mr Robert Barnwell Rhett Senator in the place of Mr Calhoun, till the Legislature shall meet and elect his successor.

☞ The amount of fishing bounties paid out by the Collector of the District of Penobscot, the last season, was $39,000, which shows an increase upon former years.

☞ Father Mathew is entertained in New Orleans as the guest of the city. He was received with much cordiality.

☞ The Rev. Dr Mandeville, whose lessons in reading and elocution in this city were so popular, has received and accepted an invitation to settle over the 6th Presbyterian Society in Albany, N. Y.

☞ Albert Smith, Esq., of this city has been appointed Surveyor General of Lumber, in place of Nathaniel Pierce, Esq., whose term had expired.

☞ The alarm of fire yesterday was caused by the slight burning of the roof of the New England House.

HEAVY PUNISHMENT.—The Charleston Courier says: The trial of Albert G. Gaskins, the young man who was arrested in January last, by a special agent of the Post Office Department, charged with robbing the U. S. mail, took place on Monday last before the circuit court in this city, and resulted in his conviction on four separate indictments. He was sentenced to forty years' imprisonment at hard labor in Edgefield jail—ten years for each offence.

SIGNIFICANT. Referring to a small meeting held at some town in the State of Kentucky, for the purpose of sending delegates to the Nashville Convention, the Louisville Journal significantly adds:

"Any individual who shall go into that body assuming to be a representative of the State of Kentucky, had not better come back within her limits."

FROM RIO JANEIRO. By the arrival of the bark Minnesota, at Philadelphia, advices from Rio Janeiro to the 22d of February have been received. Several steamers and other vessels bound to California had arrived, and are reported under the marine head. The steamers are the Caroline, Capt Marks; Isthmus, Capt Wood; Gold Hunter, Capt Couillard, and West Point, Capt Hunt. All but the latter had left for the Pacific. No intelligence of the unfortunate steamer Rhode Island is received by this arrival. The U. S. ship of the line Ohio, Capt Stribling, for San Francisco, and the Sandwich Islands, Valparaiso, &c. was in port, and would leave for Boston about the 1st of March.

A disease, similar to the yellow fever, was prevailing to an alarming degree, particularly among the shipping. The captains and crews of the English and German vessels had suffered severely, many of them had fallen victims to the scourge, and many more were in the last agonies of death. The brig Elizabeth, for New York, had lost three of her crew. Capt Snow, who had been very sick, had recovered. The E. had been ready for sea ten days.—Boston Jour. of 15th.

COLD-BLOODED MURDER.—Colebrook village (Ct.) was thrown into a state of feverish excitement on Sunday morning by the announcement that Barniel White, a gentleman seventy years of age, had been murdered in his bed the night previous. Mr. White lived one mile from town on the turnpike road to Hartford, and tended the toll-gate. He attended a School Meeting with neighbors on Saturday evening, and returned from it about 11 o'clock. This was the last that is known of him, until he was discovered about 8 o'clock Sunday morning, murdered in his bed. The murderer entered at the usual place of entering the house, and killed the old man by giving him several terrible blows on the head with a club, killing him in all probability instantly; the club was left on the floor by the bed-side. There can be no cause assigned for this cold-blooded affair, except money, of which the old man was known to have a considerable sum.—[Hartford Times.

A JOKE FOR THE LADIES.—The editor of a paper in Providence lately informed his readers that the ladies always pull off the *left* stocking *last*. This as may be supposed, created some little stir among his fair readers, and while in positive terms they denied the statement, they at the same time declared that he had no business to know it, even if such was the fact, and pronounced him no gentleman. He proved it, however, by a short argument: when one stocking is pulled off first there is another *left* on; and pulling off this is taking off the *left* stocking *last*.

PRESENTATION.—On Tuesday of last week, the Board of Managers of the Washington National Monument Society, assembled at the President's House to present Gen. Taylor the Travelling Writing Case and Portfolio of Gen. Washington, sent to the Board for that purpose by Dr. R. S. Blackburn of Jefferson county, Virginia. Mr. Curtis, as a connexion of the family of Washington, was selected to present this curious relic to the President, and in doing so addressed him in a very feeling speech.

Henry Clay is now in his 74th year. Daniel Webster is in his 69 year. Col. Benton is about 67 years of age. Lewis Cass is 68.—John C. Calhoun was 68. Mr. Seward is about 50. Mr. Cooper is 40. He is one of the youngest members of the Senate. Mr. Bradbury is about 45 years of age. Truman Smith is about 60. Mr. Bright, of Indiana, is 38.—Mr. Douglas, of Illinois, is 37. Mr. Daytin, of New Jersey, is 43. Mr. Downs is 49. Mr. Dickinson is 50. Mr. Clemens is 35. Mr. Upham is 58.

The N Y Ship List has an extract from a letter from a respectable house in Montevideo, which states that any masters of ships going round Cape Horn can safely depend upon getting supplies at moderate prices, at the Port of Stanley in the Falkland Islands.

VENDING LIBELLOUS PUBLICATIONS. In Washington, D. C., on Monday last Daniel Little was convicted of libel for vending a libellous paper called 'The Viper's Sting and Paul Pry.' published in Baltimore. It was proved that Little also corresponded for the paper, and he was sentenced to suffer six months imprisonment in jail and to pay a fine of $50. John Chanicz, also found guilty on Saturday of the same offence, was sentenced to suffer two week's imprisonment and pay a fine of $5.

THEORY OF MARRIAGE.—There was a merry fellow supped with Plato two thousand years ago, and the conversation turned upon love and the choice of wives. He said "he had learned from a very early tradition that man was created male and female, with a duplicate set of limbs, and performed his locomotive functions with a rotary movement as a wheel; that he became in consequence so excessively insolent that Jupiter, indignant, split him in two—since that time each runs through the world in quest of the other half. If the original halves meet, they are a very loving couple, otherwise they are subject to a miserable, scolding, peevish and uncongenial matrimony. The search, he said, was rendered difficult, for the reason that one man slighted on a half that did not belong to him, another did necessarily the same, till the whole affair was thrown into irretrievable confusion."

MR. EDITOR:—

I am pleased to learn from your correspondent, Direct Route, that "the people along the lower route are taking measures to have that line surveyed."

Commenced the 4th day of March, too!—What additional importance will be added to that important day. I trust Inaugurals will not be forgotten.

I am *not 'surprised'* to learn that the people along the lower route have force enough to get 'a survey,' for although I reside in that prolific country along the upper line,' yet I never heard it said their 'country is so sterile in energy and resources,' and I think the remark originated in,—and emanation from Direct Route. How gravely he talks when he says, 'I would say to those gents that it is a very poor argument indeed for them to use, to accuse one section *of* the country of barrenness in resources, and energy, when those very people who make the accusation, have not the energy to develop their own resources.' He certainly has peculiar qualifications for imparting this information, and although ridicule may be very good argument, it seems very contemptible. 'Who developed the mineral resources of the iron mines in that great country?' Whose capital works the Barnard slate quarry? Don't all speak at once, gents!—These must be important questions to have occupied such a mind: evidently the greatest mind among us; in little things. It is true, 'iron and slate constitute the greatest amount of mineral resources,' and at present gives employment to but a few hundred men; and will probably at no one time employ but a few thousands; but I am confident the 'country along the upper line' will not suffer in comparison with any other section of Maine or New England, as a farming country, and we only want a more expeditious and less expensive channel of communication with the OPEN SEA, to enable us to 'bring to light' what other resources are yet to be found in that 'great country.'

When Penobscot connects with Kennebec by the Direct Route, I should not be 'surprised' if Waldo should connect some where with that track, and I think this 'great country' will seek a similar connection, and if each should think it for their interest, and *seek* a connection at the same points, giving Waldo access to the interior and this 'great country the benefits of two markets instead of one, I should not be 'surprised.' The benefits resulting to the parties interested, from such a connection, I shall endeavor to point out hereafter.

Direct Route kindly 'advises, (without a fee, which perhaps he is not in the habit of doing,) 'that peculiar people who seem by their own talk to be clothed with energy as a mantle, to exhibit in some other way than in mere talk; he also says our 'natural low energy energised itself by looking on, &c.; we claim considerable in that line, but we give in to Bangor. She can't be beat, except in the lumbering interest.

I am pleased, Mr. Editor—to witness the progress of the 'great undertakings of the age,' one of which, I am happy to learn, is to be, the DIRECT ROUTE JUN.

[From the Boston Transcript.]

Circumstantial Evidence,

Or a pocket Pistol and a Pair of Shears.

Gabriel Wilcox was a poor man, as poverty is usually estimated. Of houses and lands, gold and silver, and the thousand things that go to make up earth's possessions, he had little, very little. Gabriel Wilcox was not poor; he was rich in a frame, broad and muscular; rich in robust health; rich in the affections of a lovely and loving wife; and rich in that heavenly treasure, which as far transcends the wealth of this world, as the immortal interests of man transcend the brief cares of life. So Gabriel Wilcox, was not a poor man.

Gabriel was one of the early settlers of Vermont—men of stout hearts and iron frames; men well adapted to struggle with the privations and hardships connected with the settlement of a new country; a country clothed with dense forests the clearing up of which required severe toil before it could be made to yield food, and afford a fit abiding place for man. Gabriel was a man not to be easily discouraged, or suffer slight impediments to turn him from his purpose. He was born and raised a tiller of the soil; had pictured to himself in his day dreams a farm containing broad acres of upland and meadow; stocked with cattle and sheep, and therefore emigrated from the old Bay State to the cold regions of Vermont, that he might realize his visions, surround himself with wife and children, and take his place among the really independent lords of creation. He purchased a hundred acres of wild land, inhabited principally by bears and wolves.—The first season, with his faithful axe, buried to the eye at every blow, he let in the sunlight on several acres, erected himself a cabin, with the logs cut upon the spot, and ere the year rolled round moved home his wife, and had fairly made a beginning.

The location selected by Gabriel was a judiciously chosen piece of table land, high up among the hills—an elevation which afforded a prospect of the surrounding country at once grand and imposing. Away to the north-east, at the farthest boundary of vision arose the snow-wreathed summits of the White Hills of New Hampshire; while to the south-east stretched, in their verdure and grandeur, the Green Mountains of Vermont. Here, amid the handiwork of the Great Architect, his soul was elevated from nature up to Nature's Great first Cause.

Time moved on. Plenty surrounded him, or was won from the earth. One after another bright cherubs, in the forms of children, surrounded his table and cheered him in his labor.

Death is at all times an unwelcomed visitor.—When he gathers in the old—those ripe for his sickle, and they are borne to their long sleep, we weep perhaps, but at the same time rejoice that their weary pilgrimage is ended. When the infant is removed, in its innocence and loveliness, we feel that one too pure for earth is carried on angels' pinions up to the paradise of God. But when a good man, in the prime of life, the head and support of a family, in the midst of his usefulness and influence, is suddenly and without warning cut off, it seems as though a main pillar in the social fabric had crumbled and fallen. Such was the death of Gabriel Wilcox. He went forth in the morning to his accustomed toil, and before the sun went down was brought back on a litter by his neighbors, mortally injured, a tree having fallen upon, and crushed and mutilated him in a most shocking manner. Amid the struggle of the last agony, when the soul tears itself from the body, his mind was tranquil and serene; it was stayed on God. Gabriel Wilcox was a Christian; not only in name and by profession, but in deed and in truth. When the Infidel dies, he sees written on every tombstone the gloomy inscription, 'Death is an eternal sleep;' while the Christian sees written there in letters of light—'Absent from the body, present with the Lord.'

As the body, when severely injured, is sometimes affected with numbness which frequently continues a considerable time before the feelings are restored and acute pain experienced, so the mind, when sudden crushing and overwhelming calamity comes upon it, is affected with a sort of mental stupor, which is frequently prolonged to days and even weeks before it is aroused to a full sense of the extent of its wretchedness. When the Widow Wilcox awoke to a just comprehension of the greatness of her bereavement—when she looked upon her now fatherless children—when she considered the deep responsibility of her situation, and her own weakness and helplessness,—she was led to cry out, in the deep agony of her feelings, to the sympathising neighbors who surrounded her—'have pity upon me, have pity upon me oh ye my friends, for the hand of God has touched me.'

At the close of the day, after the funeral rites were over, and he whom they held near and dear had been consigned to his narrow resting place, this lone widow gathered her family around her, and opening the 'book of books' where the afflicted may always drink from a fountain of consolation pure and holy, she turned to that beautiful portion, the 23d Psalm—'The Lord is my shepherd, I shall not want. He maketh me to lie down in green pastures he leadeth me beside the still waters. He restoreth my soul * * * Surely goodness and mercy shall follow me all the days of my life.' She felt refreshed. The comforting language of the Psalmist seemed to dry up the fountains of her grief. Then closing the book with her little children kneeling around her, he poured forth her full soul in prayer,—'O thou God of the widow and fatherless Heaven—assist by thy grace a feeble worm of the dust, rightly to perform her duty to these ii the ones, that we—when life's brief journey is ended—with their father, whom thou in thy providence hast suddenly removed from us—may meet in thy heavenly kingdom, where sorrows and sighs shall have an end and tears shall be wiped from all eyes.' When she had done, her heart was strengthened and her soul invigorated.

Years passed away. The widow's little family, comprising a boy and three lovely daughters, grew up around this heroic woman, in that happy contentment, always enjoyed by those who scrupulously perform their relative duties of each other, and to their Maker.

As might naturally be anticipated, this widow had many offers of a second marriage; but none of them coming from persons whose qualifications came up to the standard of what she thought a good husband should possess, she wisely refused them all.—One offer was from no less a personage than Deacon Gershom Grimes.

Now, Deacon Grimes had the reputation of being an exceedingly pious man, and if piety consists in making long prayers, in putting on an elongated, lugubrious visage—in selling and buying in a nasal, canting twang of voice, and always securing the best end of a bargain; in robbing the widow and fatherless, and ostentatiously making donations to Bible and Missionary Societies,—then was Deacon Grimes a pious man, par excellence. When the day of reckoning comes, and such men's garments of self righteousness are stripped off, and their hypocrisy appears in all its nakedness, how will their blasted souls shiver and shrink to meet the just anger of an outraged and avenging God!

Well, this deacon, good, kind friendly, sympathising soul, had loaned the widow the sum of $70, to enable her to pay off a mortgage on the homestead, which her late husband had been unable to take up before he died, in consequence of having sold a yoke of oxen and a cow to a drover, for that purpose, and taken his pay in bills of the old 'Farmer's Exchange Bank,' which broke just before the mortgage became due.

Everybody said how kind the deacon was thus to assist the poor widow in her necessity. Miss Mehitable Megrim an ancient maiden, exclaimed, 'T'aid sartainly be a match! though for my part, I can't diskiver what the deacon sees in widder Wilcox so wonderful captervating,—she allers looked to me like a very *putchiky* kind of a body; and what's more, what kinder right has she got to have two husbands, when some on us can't get even one,—I should like to know. Not that I want a husband, no, by no means; I would'nt have the best man in the whole universal world; and I don't care who knows it I don't.'

Now, the widow, though very thankful for the loan of the money, could not for the life of her discover why she should surrender up her person to such a man, in liquidation of such a debt; so she very kindly, but very unequivocally, rejected the deacon's offer.

On the night of the widow's refusal the deacon went home, 'nursing his wrath to keep it warm.' The deacon was implacable in temper. His pride was wounded. Revenge to him was ever a sweet morsel. The next day he sent the sheriff with a writ of *attachment* on her goods and chattels, real, personal and mixed; and, for want the real, to take the body. The widow still had friends; gave the required bail, and the deacon was balked, as we shall see in the sequel.

The gentle reader, the kind reader, or the reader neither gentle nor kind, no matter which, will please stick a pin here, as we must make a trifling digression in our eventful history.

Jacob Wilcox, the eldest child and only son of the departed Gabriel, inherited all the muscular energy and the mental goodness of his father before him. On him his father's mantle had fallen, and he wore it with becoming dignity. He filled his father's place in the labors of the farm, in the pew at church on the Sabbath, and at the family altar, whose daily fires were never suffered to go out. On an adjoining farm resided the Westerlys. Between the two families interchanges of kind offices had always been practiced, and social neighborly intercourse fostered and cultivated. In this family lived sweet Sarah Westerly.

Sarah Westerly knew that she was beautiful—She knew it by the smiling countenances that met her's at home, by the road side, at the church on the holy Sabbath, and from her kind teachers at school. She knew it by the faces of the old, that always smiled upon her in her gleeful gladness—And the happy face that mirrored her merry laugh as she stooped to dip water from the cool spring on the sultry summer's day, also told her that she was beautiful.

Jacob Wilcox and Sarah Westerly were children and playmates together. In company they hunted hen's eggs and jumped upon the hay from the great beam in the barn,—they were taught their a, b, c, from the same spelling book at the woman's school,—together they chased the butterfly over the greensward; and when the evening came they sat under the old apple-tree at the corner of the orchard, and ate their blackberries and milk from the same little porringer.

What wonder, then, that their affection for each other grew and strengthened with their growth and strength, and when he arrived at years of maturity, and she was just blushing into womanhood thay should be drawn together by the silken chords of love, and should seek to unite their fortunes for weal or for woe, in the indissoluble bands of marriage?

How Jacob wooed and won his mountain nymph—how his heart beat against his ribs, and leapt into his throat, half choking his utterance, when he urged her to become his, forever and for aye—how she blushed rosy red, when in the joy of her young heart she gave her full consent—their plans and hopes, their joys and sorrows—are they not written in the Book of Unforgotten Memories, and safely laid away in Love's Library? There let them remain.

At the time of which we now write, Jacob was in his nineteenth summer, a manly, muscular lad, the stay and staff of his widowed mother. His assistance on the farm seemed absolutely necessary; but the debt to Deacon Grimes remained unpaid; and some plan, if possible, must be devised to settle this annoying debt. 'Twas their great trouble: the spectre that constantly haunted them in their sleeping and waking dreams.

After much family conversation, it was at last determined that Jacob should go to the far off city of Boston, seek employment, and endeavor by honest industry, to earn the requisite sum.

On a bright sunny morning in May, Jacob swung his pack and set forth on his travels. With eyes running over with tears, his mother said to him on leaving—"My dear, my only son, you are now going forth into a wide and wicked world, full of allurements to entice the unwary and entrap the inexperienced—fear not—read your Bible—say your prayers—go constantly to meeting on the Sabbath—avoid evil company as you would the plague—and may the great God preserve thee! If at any time your way seems blocked up, and all before you is dark, dreary and desolate—fear not, my son—*God will provide a way!*"

With these instructions from his honored mother he set forth for the distant city saying, as he bade her good bye—'For your sake, mother—for the sake of my sisters, and for the sake of sweet Sarah Westerly, I will work my fingers off to the knuckle joints; but Deacon Grimes shall be paid to the uttermost cent."

After eight days of weary travelling, he came in sight of the great city. As he entered, the noise and bustle, the contemplation of trucks and carts, of men and women, hurrying to and fro, and the jar and discord of a tumultuous city at first amazed and bewildered him—the while contrasting strongly with his simple life in the country.

Walking in the middle of the street, clothed in his suits of rustic homespun—staring at the signs—he attracted the notice of a saucy specimen of a Cornhill counter jumper, who accosted him with, "Hulloah! Jonathan Hawbuck, just come down!" Jacob looked upon him with an expression of insufferable contempt, saying—"Has your father any more like you? if he has, tell him to send them to a woman's school to learn manners, for there is little hope of you!" The upstart found he had waked up the wrong passenger, and with a chop-fallen countenance, passed on.

Remainder to-morrow.

RICHEST MAN IN THE WORLD. The Washington correspondent of the Journal of Commerce says, gentlemen from California, now in Washington, say that Col Fremont is the richest man in the world. His gold mine will probably be saleable in a few years at six millions an acre. Mr Wright says also, that he knows of spots belonging to the Government, which are worth six millions of dollars an acre and will produce from ten to twenty per cent a year on that sum.

FLOODS IN EUROPE.—A Berlin correspondent of the N. Y. Commercial says that the overflowing of rivers is now general over Europe. Even the little Spree at Berlin is nearly as high as in 1830. The wine cellars of the King's palace are full of water. The devastation on the lower Rhine has been immense. In France whole tracts of country, and even several towns and villages are flooded.

LAGRANGE'S CELEBRATED

Disinfecting Chloride,

—FOR—

PURIFYING THE AIR:

—FOR SALE BY—

JAMES DUNNING, BANGOR, ME.

THIS highly disinfecting preparation, discovered by a French Chemist, is one of the best preventives against Cholera and all other diseases arising from an impure state of the atmosphere. Its presence purifies the air and renders all offensive matters entirely inodorous, and it is therefore a very desirable article to throw about sink drains, privies, and all other places where the atmosphere is tainted with unwholesome gases and offensive effluvia.

There is not a family in the Country or City but what ought to have at least one box of this Chloride, to sweeten and purify the air after having cleaned up about their house and out buildings.

"The fair Nereides
They came on shore, and slily as they fell
Convey'd each tear it to an oyster shell"

So sang the author of Britannia's Pastorals, and no wonder that Pliny wrote praisingly of this delicious delicacy of the palate which titillates with so exquisite a sensation and causes the limpid saliva to flow in a Niagara of delight How large and sweet and pleasant and tender and white are the OYSTERS found at GEORGE FARRINGTON'S famous *SALOON*
A Dutchman calls for his *Æster*, and GEORGE serves him in a twinkling
A German steps into a curtained alcove and asks for his *Auste*, and a bowl of the white soup is placed before him
The Swiss call for *Ostra*, and the glistening dish is provided
The Frenchman seats himself in Alcove No 76 and orders *Huitre*, and smiling GEORGE furnishes a variety which makes the Frenchman's stomach have a holiday of delight
A dark Spaniard demands his favorite *Ostia* which FARRINGTON'S attendants immediately place before him
The Italian panting with expectation throws off his little hat, seats himself in the richest alcove he discovers unoccupied and calls upon *FARRINGTON* for *Ostria*, which GEORGE, nothing loth, places before him in the raw, the roast the soup the fried, the fricassee, and other shapes, which his skill has discovered
The Yankee takes his comfortable seat and orders his *Oysters*—four plates, and six cups of Coffee! His order is answered for the Proprietor is everlastingly on his feet
Such is a brief picture of the famous Establishment of GEORGE FARRINGTON,—the great emporium of the Eastern country—where OYSTERS of most excellent quality and deliciously cooked and seasoned, may be obtained in any quantity
Remember the place at the East end of Kenduskeag Bridge, just two doors from John Low's iron-sided, weather beaten, solid and invincible City Market, where, if the gentlemanly Proprietor is not himself present, Simon Sidelinger will be found with all the fat and fair slices

Caution to the Public.
Beware of Humbugs and Quacks!
THE HUMAN EYE is too delicate an organ to be trifled with, notwithstanding this, there are Quacks in our community unprincipled enough that of course know nothing of the Science of Optics and who for mere paltry gain buy sell and *puff up* an inferior article of SPECTACLES that cost half price! The lenses in particular, being so untrue and imperfect as to ruin the sight entirely if persisted in for any length of time
The subscriber having served a regular apprenticeship with Mr D B WIDDIFIELD Optician of Boston, and with 17 years practice in manufacturing and fitting lenses for all defects of the eye within the reach of Optical assistance he trusts he will be enabled to give satisfaction in this department, to all who favor him with a call

Portsmouth Sept 29 1849,

Mr J P Morse, Agent for "White's Hair Restorative

Dear Sir—I deem it my duty to state some facts respecting the inestimable value of White's Hair Restorative Several years ago, after a severe fit of sickness, my wife lost all of her hair, the scalp appeared diseased, and, the hair grew out harsh, and uneven About a year ago, by another fit of sickness, she lost all her hair a second time, and for a long time there was apparently no action in the scalp After various applications I was induced to try the above mentioned Restorative, and now after the use of a few bottles her hair has grown out as thick as lustrous and of as beautiful a color as ever Furthermore, for a long time I have been afflicted with neuralgic and other pains in my head, and I have found it the best external remedy I have ever tried, I can therefore cheerfully recommend it to all who are afflicted as above, as the best article I have ever seen

Read the following letter from a Clergyman of Camden, Me, to the Editor of the GOSPEL BANNER —

DOWN'S ELIXIR,—A CURE.

BR DREW—being anxious to do good to my fellow beings, as I have means and opportunity, I wish to state, through the Banner, that in my sickness last winter and spring I received very great benefit from the use of N. H. DOWN'S ELIXIR.

I had been troubled some weeks with a severe cold which so affected the vocal organs, that it was with great difficulty I discharged the duties of my office My cold continued until I was completely prostrated by bleeding, which created a dry, hard cough My appetite failed my strength wasted, and my flesh disappeared, Seeing Wistar's Balsam of Wild Cherry recommended in the Banner, I procured a bottle and commenced taking it, and continued its use until I had taken three bottles when I became satisfied that it contained opium, making a large amount of physic necessary, and also contracting the very organs that should be relaxed I used other kinds of patent medicines, but with no good effect several weeks I continued gradually to sink under my disease, at the expiration of which time I was extremely weak my skin dry and husky, and my feet and hands cold most of the time I had a dull, heavy pain between my shoulders, and a distressing pain at the pit of my stomach My tongue was coated with a thick, white fur, bowels very irregular and costive, and at evening fever, nightsweats, dry, hard cough, difficulty of breathing, and low spirits. My stomach at this time was so sore and weak that it was with difficulty I could stand erect This was my situation when I commenced the use of *N H DOWN'S ELIXIR* —To my great joy, and the greater joy of my friends, I found that the use of it a few days had regulated my bowels equalized the circulation and produced a healthy moisture upon the skin I used three bottles in two weeks, which entirely removed the soreness and weakness from my stomach, gave me a good appetite, and greatly improved my strength I continued its use six weeks, using six bottles at which time I was able to resume my ministerial labors I have since recommended it to a large number, and have never known it to fail of doing good where the directions were followed

I have given it to my children in *colds,* and in a case of *measles,* and it has proved ALL IT IS recommended to be"

I therefore *cheerfully* recommend N H DOWN'S VEGETABLE BALSAMIC ELIXIR to all who are afflicted with any of the diseases for which it is recommended Yours truly, J L TUTTLE

Camden, August, 1849

Facts deduced from the foregoing letter

1st Down's Elixir is laxative—curing costiveness while other medicines increases that difficulty

2d It is perspirant It equalizes the circulation—restores a healthy moisture to the skin, and vigor and tone to the system

3d It removes soreness and weakness from the stomach—gives a good appetite, and restores strength to the system

4th It cures colds—is an effectual remedy for the measles, and proves ALL IT IS RECOMMENDED TO BE"

It is sold by Druggists and dealers in medicine throughout the country, and at wholesale and retail at proprietor's prices by DAVID BUGBEE G W LADD, CURTIS & PERKINS A P GUILD, WM MANN G McFARLAND Bangor, L S Smith J W Curtis & Co, Hampden, Chas Johnson, J B Chick Frankfort, H P Fifield Bucksport, J Hooper Jr S P Hatch & Co Castine, B Nourse Geo Parcher, Ellsworth E P Butler & Co Orono J & R Fisk, H & J Y Richardson, Oldtown, Wm Q Poor, Belfast, Chas A Macomber R T Slocomb, East Thomaston

Dr. Townsend's
COMPOUND EXTRACT OF
SARSAPARILLA,
Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates diseases it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known, it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood,* a power possessed by no other medicine And in this lies the grand secret of its wonderful success —It has performed within the last five years, more than 100,000 cures of severe cases of disease at least 15,000 were considered incurable It has saved the lives of more than 5 000 children during the two past seasons

10 000 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY*

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen. Consumption can be cured Bronchites, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c, have been and can be cured

SPITTING BLOOD

New York, April 28, 1847.

Dr TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough, it became worse and worse At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live —I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city I raise no blood, and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant,

WM RUSSELL, 65 Catherine-st.

RHEUMATISM

This is only one of more than four thousand cases of rheumatism that Dr Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved You are at liberty to use this for the benefit of the afflicted. Yours, respectfully, JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847.

Dr Townsend—Dear Sir, I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours respectfully, JOHN BUTLER, Jr.

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhoea or Whites obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness —It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "*The turn of life,*" should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system, as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon child birth—in Costiveness Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air and light food with this medicine will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flushes of loveliness that all admire, but none can describe. This beauty is the offspring of *nature*—not of *powder* or *soap* If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it, are more than satisfied, are delighted Ladies of every station crowd our office daily

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females, &c, &c,* and have copied our bills and circulars which relate to the complaints of women word for word—other men who put up medicine have since the great success of Dr Townsend's Sarsaparilla in complaints incident to females recommended theirs although previously they did not A number of these Mixtures, Pills, &c are injurious to females as they aggravate disease and undermine the constitution

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood Three persons cured in one house unprecedented

THREE CHILDREN

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine —They were afflicted very severely with bad sores, have taken only four bottles, it took them away, for which I feel myself under great obligation Yours respectfully, ISAAC W. CRAIN, 106 Wooster-st.

OPINIONS OF PHYSICIANS.

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

This is to certify that we, the undersigned Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market. CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixers, Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided.

DR. GAY'S

Blood Purifier.

THIS invaluable remedy for diseases of the Blood has given universal satisfaction, wherever it has been used, and its effects upon the system are so mild, pleasant and effectual, that all who use it are constantly speaking of its wonderful properties, and recommend it in the high esteem to all who need the remedy. It is a certain cure for all

Humors and Diseases

of the Blood, or which purpose it is alone intended. Certificates in any quantity, can be obtained, of the almost miraculous cures it has effected, but it is now so well known that it is not deemed necessary to publish them

SCROFULA.

This dreadful disease is disarmed of its terrors since the introduction of Dr GAY'S *BLOOD PURIFIER* This complaint which sets at defiance the skill of the most celebrated Physicians, readily yields to the virtues of the *Blood Purifier,* which, by its wonderful chemical combinations, assimilates so perfectly with the Blood, that as soon as it is taken, it is absorbed into the circulation, and cleanses the blood throughout the whole system Thus, by making the

Fountain of Life

pure, it destroys the poison humors throughout the entire body, and eradicates completely and forever the cause of the disease.

It may be as well to mention that Dr. GAY'S *BLOOD PURIFIER* is entirely vegetable in its composition, as harmless to the constitution as water, yet when a disease is to be attacked, or when a humor is to be expelled from the system, it will be found the most powerful and effectual remedy ever discovered

Mercurial Affections.

Diseases caused by the improper use of Mercury, are readily cured by the use of the BLOOD PURIFIER, as are also Mercurial Rheumatism, Nervous Debility, Weakness, Loss of Appetite &c, &c.

Pimples on the Face

are entirely removed by using one or two Bottles,—and in fact, all and every disease which is caused or produced by impure Blood

CONSUMPTION!

This terrible and much dreaded malady; the scourge and bane of our climate, in its *first stages,* yields readily to the curative and purifying powers of Dr. GAY'S *BLOOD PURIFIER,* and in its more advanced stages, it seems from its peculiar affinity with the Blood, to stay the progress of the disease and to sustain and prolong the existence and alleviate the sufferings of the unhappy patient The

Muscular Strength

and activity, and the bodily and mental energies are rapidly increased under its use, whilst the increased color of the face and lips implies not only that the vessels are filled with more and better Blood, but that the BLOOD PURIFIER actually possesses the peculiar and wonderful properties of increasing the quantity of Blood in circulation. It will be useful for

Children of a Scrofulous Habit,

and those who are suffering from any kind of a humor. It is so very pleasant to the taste that they take it very readily and it has a wonderful effect in removing all impurities from the Blood of the little sufferers.

BRONCHITIS

and Diseases of the Throat and Lungs,—Dr GAY'S *BLOOD PURIFIER* has a wonderful effect upon these and all Pulmonary Complaints. These difficulties are caused by humors which irritate the membranes of the Throat and tubes leading to the Lungs. The *BLOOD PURIFIER,* by acting directly up in the Blood, removes the cause of the disease and the humors having nothing to sustain them, are completely and effectually cured.

In like manner Dr. GAY'S *BLOOD PURIFIER* cures speedily and effectually, all

Chronic Complaints

and difficulties arising from an impure or weak and impoverished Blood

SCROFULA

If thousands of Cures of Scrofula Cancer Syphilis and other impure diseases of the Blood—and if the very SMALL QUANTITY which was used of a Medicine to effect Cures of such Diseases be any proof of the purifying medical power of it the Medicine which has subdued and conquered such diseases—then there is unquestionable evidence that—

BRANT'S INDIAN
[illegible]

is such a Medicine in every respect, and there is abundant proof, in *great cures* effected that ONE BOTTLE of it contains *more* purifying, healing virtue and *medical power* than there is contained in *Four Bottles* of any sarsaparilla, or any *other medicine* that has ever been offered for sale There is undoubted proof in our pamphlets that by the use of this great *Indian Purifier* they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK SCROFULOUS and otherwise diseased, have been HEALED and CURED

Hundreds—Thousands—

who have used BRANT'S PURIFIER, after having used and tested ALL the *sarsaparillas* and other medicines recommended to cure blood diseases, have *decided* that—

Brant's is the Cheapest,

because *One Bottle* of it has *more* medical curative matter in it, and, in consequence, cures *more disease* in much *less time* than *one bottle* of any other medicine

If then, *ONE Bottle* of BRANT'S PURIFIER will cure, *FOUR TIMES* more disease than *one bottle of sarsaparilla* BRANT'S PURIFIER would be as *cheap* at *four dollars* a bottle, as *sarsaparilla* at *one dollar* But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle, and as a bottle of it *has* cured, and is *capable* of curing *Four Times* as much disease *as one bottle* of *sarsaparilla,* therefore *sarsaparilla,* in consequence of its *less* power and *less* medical efficacy, should be sold at *no more than Twenty Five Cents* per bottle, to be as *cheap* as the PURIFIER at *One Dollar*

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *One Dollar's worth* of *Brant's PURIFIER* cure? Read the following statement which is a specimen of its power.

CANCEROUS SCROFULA!

This is the case of a *Dying man* who *yet lives* He was *cured* of a worse case of scrofula by only *Twelve Bottles* of Brant's Purifier than ever was cured by the use of *Twelve Gallons* of the *best sarsaparilla* that was ever made Sarsaparilla has not *sufficient medical power* to effect the cure of such a *revoltingly hopeless* case

Mr J B HASKIN of *Rome, Oneida Co N Y* had *Scrofula four years*—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the *best* medical advice—had used *all* of the *best sarsaparillas* to no good effect—got *worse and worse,* and was considered to be in a *Dying State,* and could not live *twenty four hours* longer when he commenced using BRANT'S PURIFIER His *neck* was *eaten nearly off,* from *ear to ear*—a *hole* was eaten through his *windpipe,* under his chin, so that he breathed through the hole—his *ear* was so eaten around that it could be *lifted* up out of its place, it only holding by a *small* piece—the use of *one arm was destroyed* by two Ulcers—an *Ulcer* under the arm, as large as a *man's hand,* had nearly *eaten* through his side *into his body* Thus he was afflicted with *Twenty* such *putrid, acrid, offensive Ulcers* on various parts of his person For further and full particulars, see our *Pamphlets*

Doct THOMAS WILLIAMS, one of the most skilful physicians of Rome was called to see Haskin *the day before* he commenced using *Brant's Purifier* Doct W examined him and then told him that *all* the *medicines* in the *world* could *not cure* him—that his case was

"Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure He said My wife procured one bottle of *BRANT'S PURIFYING EXTRACT*—THAT BOTTLE enabled me *to get off my bed*—the SECOND bottle enabled me *to get out of the house*—the THIRD enabled me *to walk two miles* and when I had finished using *Nine Bottles,* SEVENTEEN out of *Twenty Ulcers* had HEALED UP and *three bottles* more effected a perfect cure and restored me to *good health*

FOURTEEN WITNESSES!

The above facts are certified to by DOCTOR T WILLIAMS Mr G R BROWN of *West Rome Hotel* Messrs BISSELL & LEONARD, Druggists, and ELEVEN other *respectable witnesses* at [illegible]

CANCERS CURED.

Mr O B KINNEY, merchant, *Clinton Oneida county, N Y* informed us that a cancer-doctor in said county was effecting wonderful cures of *CANCERS* through the efficacy of 'BRANT'S PURIFYING EXTRACT' *A cancer-doctor* in Greene county, N Y is also using said PURIFIER Mr A B SETTLE, druggist, at Canajoharie, Montgomery county, N Y, has informed us of an important *cure of a* CANCER of long standing, which was effected on an aged lady of that place If, therefore, this PURIFIER *cures Cancer* by its purifying, healing power, what impure disease of the blood can it not cure? Seven years' experience and triumph says there are none but what it will cure

FEVER-SORE CURED.

The Rev RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county, N Y, wrote to us "I have just received a letter from Mr. CHANNEY DUNNING, relative to the cure of his Fever-sore You may depend on what it states, for he is a Christian man and an elder in the church Some years since he had to have one of his legs *cut off,* to save his life, in consequence of a Fever-sore The other leg being now affected and about to be amputated, I recommended BRANT'S MEDICINE Read the result He says '*I have used only* THREE BOTTLES *of* BRANT'S MEDICINE *I placed* ALL HOPE *from your recommendation, in that Medicine,* and I can now say that, with the blessing of God, *it has effected a cure of my leg!*'" See Pamphlets for full particulars

LIVER-COMPLAINT!

Dr NATHAN HUBBARD, of *Stamford, Conn,* one of the oldest and most respectable physicians, was afflicted with *Liver Complaint* many years, and was *perfectly cured by using* BRANT'S PURIFYING EXTRACT We could name hundreds of other cases, also cured

FEMALE WEAKNESSES & COMPLAINTS.

No remedy offered to the public has ever been *half as certain and effectual in restoring* ALL the incidental *weaknesses* and *irregularities* of the sex, as BRANT'S PULMONARY BALSAM It makes no difference whether the derangement be *suppression, excess,* or other *weakness*—it REGULATES ALL, by *strengthening* the SYSTEM, *equalizing* the CIRCULATION, and *soothing and allaying* NERVOUS IRRITABILITY See pamphlets

IN CHANGE OF LIFE,

from the girl to the woman, and the *woman at middle age*—the one case is *accelerated,* and the other so *gradually suppressed,* as to prevent any of the *fatal diseases* that frequently arise in consequence of such change

Dyspepsia—Sour Stomach!

"ATTICA, Genesee Co, February 1, 1848.

"M T WALLACE & CO—*Gentlemen,* I was, for more than a year, afflicted with a disease of the stomach I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually afflicted with a sour stomach I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *eased and relieved the usual pain after eating* I therefore used a second bottle, which has completely cured the disease I am now well and hearty, and can eat almost anything without being pained, or the stomach becoming sour "Yours respectfully, T S WILCOX"

Mr Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LUCORRHOEA, &c

"BYRON, GENESEE Co, N Y, Oct 19, 1847

"Messrs M T WALLACE & CO Some time last winter my wife became so debilitated from the effects of *Lucorrhoea* and *Nursing Sore Mouth,* that she could not lift her child or perform any household labor Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until *our skill* was exhausted in useless efforts She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than eighty five pounds, but by the time she had taken *four bottles,* she became perfectly well The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in four weeks

"Yours truly, C B GALENTINE"

The reader will observe that Mr GALENTINE says 'our skill' He, we are informed by Z S TERRY, Esq, of the same place, has studied medicine

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a *perfect and thorough eradicator of all the effects of* MERCURY, or any of the various preparations of CALOMEL or MERCURY, *from the system* and it restores the *blood, muscles,* and *all the parts diseased,* to their original HEALTHY STATE

GENERAL DEBILITY OF THE SYSTEM!

Mr A HOLTSTANDER, merchant, *Oberlin, Lorrain Co, Ohio,* wrote, December 19, 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough, said "I have personally used *BRANT'S PURIFYING EXTRACT* for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and INVIGORATE THE SYSTEM that I have ever used *In every instance* where we have sold BRANT'S MEDICINES *they have proved their efficacy, and given the* BEST SATISFACTION"

SALT RHEUM,

and all impure *chronic diseases of the* BLOOD, are always cured *by BRANT'S EXTRACT*

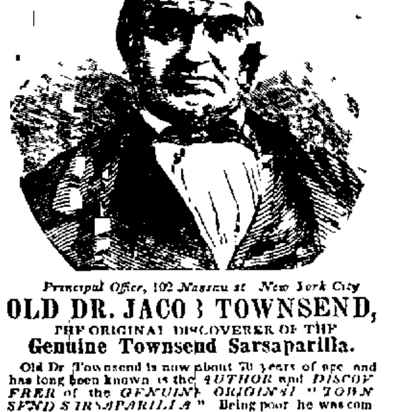
CAUTION EXTRA

A man by the name of CHAPP has engaged with a young man of the name of S P Townsend and uses his name to put up a Sarsaparilla which they call Dr. Townsend's Sarsaparilla, denominating it *GENUINE* Original, etc. This Townsend is no doctor, and never was, but was formerly a worker on railroads, canals, and the like Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not This is to caution the public not to be deceived, and purchase none but the *GENUINE ORIGINAL OLD* Dr Jacob Townsend's Sarsaparilla having on it the Old Dr's, likeness, his family coat of arms, and his signature across the coat of arms



Principal Office, 102 Nassau st New York City

OLD DR. JACOB TOWNSEND,
THE ORIGINAL DISCOVERER OF THE
Genuine Townsend Sarsaparilla.

Old Dr Townsend is now about 70 years of age and has long been known as the *AUTHOR* and *DISCOVERER* of the *GENUINE ORIGINAL "TOWNSEND SARSAPARILLA"* Being poor he was compelled to limit its manufacture by which means it has been kept out of market and the sales circumscribed to those only who had proved its worth and known its value It had reached the ears of many nevertheless as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

HEALING POWER

Knowing *many years ago* that he had by his skill science and experience devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice when its inestimable virtues would be known and appreciated This time has come the means are supplied, this

GRAND AND UNEQUALLED PREPARATION

is manufactured on the largest scale and is called for throughout the length and breadth of the land especially as it is found incapable of degeneration or deterioration

Unlike young S P Townsend's it improves with age, and never changes but for the better because it is prepared *on scientific principles* by a *scientific man* The highest knowledge of Chemistry and the latest discoveries of the art have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla The Sarsaparilla root it is well known to medical men contains many medicinal properties and some properties which are inert or useless and others which if retained in preparing it for use produce *fermentation* and *acid* which is injurious to the system Some of the properties of Sarsaparilla are so *volatile* that they entirely evaporate and are lost in the preparation if they are not preserved by a *scientific process* known only to those experienced in its manufacture Moreover these *volatile principles* which fly off in vapor or as an exhalation under heat, are the very *essential medical properties* of the root, which give to it all its value

Any person can boil or stew the root till they get a dark colored liquid which is more from the coloring matter in the root than from any thing else they can then strain this insipid or vapid liquid sweeten with sour molasses, and then call it "SARSAPARILLA EXTRACT or SYRUP" But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

This is so prepared that all the inert properties of the Sarsaparilla root are first removed every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form, and thus it is rendered incapable of losing any of its valuable and healing properties Prepared in this way It is made the most powerful agent in the

Cure of innumerable diseases.

Hence the reason why we hear commendations on every side in its favor by men women and children We find it doing wonders in the cure of

CONSUMPTION, DYSPEPSIA and LIVER COMPLAINT and in RHEUMATISM SCROFULA, PILES COSTIVENESS all CUTANEOUS ERUPTIONS PIMPLES, BLOTCHES and all affections arising from

IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from *Indigestion* from *Acidity of the Stomach* from unequal circulation determination of blood to the head palpitation of the heart, cold feet and hands cold chills and hot flashes over the body It has not its equal in *Colds* and *Coughs* and promotes easy expectoration and gentle perspiration relaxing stricture of the lungs, throat, and every other part

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS.

It works wonders in cases of *Fluor Albus* or *Whites Falling of the Womb Obstructed Suppressed* or *Painful Menses Irregularity* of the menstrual periods and the like, and is as effectual in curing all the forms of *Kidney Disease*

By removing obstructions and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal irritation Neuralgia St Vitus Dance Swooning Epileptic Fits Convulsions &c*

It cleanses the blood excites the liver to healthy action tones the stomach and gives good digestion, relieves the bowels of torpor and constipation allays inflammation purifies the skin equalizes the circulation of the blood producing gentle warmth equally all over the body and the insensible perspiration relaxes all strictures and tightness, removes all obstructions and invigorates the entire nervous system Is not this then

The medicine you pre-eminently need!

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S,

because of one GRAND FACT that the one is INCAPABLE of DETERIORATION and

NEVER SPOILS,

while the other DOES *souring, fermenting,* and *blowing the bottles* containing it into fragments the sour acid liquid exploding and damaging other goods Must not this horrible compound be poisonous to the system?—*What! put acid into a system already diseased with acid*

What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? flatulence, heartburn palpitation of the heart, liver complaint diarrhoea dysentery colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum Erysipelas White Swellings Fever Sores, and all ulcerations internal and external? It is nothing under heaven but an acid substance, which sours, and thus spoils all the fluids of the body, more or less What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict human nature

Now is it not horrible to make and sell, and *infinitely worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S, P. TOWNSEND,

and yet he would fain have it understood that Old Dr Jacob Townsend's *Genuine Original Sarsaparilla* is an IMITATION of his inferior preparation!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S P Townsend's *article!* and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold and purchasers who have used S P Townsend's FERMENTING COMPOUND

We wish it understood because it is the *absolute truth,* that S P Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are *heaven wide apart* and *infinitely dissimilar,* that they are unlike in every particular having not one single thing in common

As S P Townsend is no doctor and never was is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common unscientific unprofessional man, what *guarantee* can the public have that they are receiving a genuine scientific medicine containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up even a common decent meal How much more important is it that the persons who manufacture medicine designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants the best manner of securing and concentrating their healing virtues also an extensive knowledge of the various diseases which affect the human system and how to adapt remedies to these diseases

It is to arrest frauds upon the unfortunate to pour balm into wounded humanity to kindle hope in the despairing bosom to restore health and bloom and vigor into the crushed [illegible] that OLD DR JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach and to the knowledge of all who need it, that they may learn and know by joyful experience its

Transcendent Power to Heal.

DR. ROGERS' SYRUP OF LIVERWORT & TAR

HOPE EVER

AND

CANCHALAGUA;

FOR THE COMPLETE CURE OF

Coughs, Colds, Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to be above A remedy for the *complete cure* of all those affections of the Throat and Lungs which, if neglected, always end in CONSUMPTION It is not a worthless, *catch penny article* made just to *sell* like many of the common nostrums of the day but it is a strictly *scientific Preparation*— the original recipe having been furnished by an eminent Physician, (the late Prof Rogers) and that still further improved by one of the present proprietors who is himself a *regularly educated Physician* a graduate of the University of Pennsylvania It is composed of the choicest articles in the vegetable kingdom, most of them of long-tried value and established reputation and some of them *entirely new* particularly the CANCHALAGUA a plant of *most wonderful* medicinal virtues, lately introduced into this country from California The Recipe has been shown to thousands of Physicians who have universally approved of it, and will be shown to any Physician who desires to see it upon application either to the Proprietors or their Agents It has been used in *multitudes of cases* and is strongly recommended by *Physicians,* even *Professors* in our Medical Colleges Ministers of the Gospel Judges, Lawyers Merchants, Mechanics, &c,—a conclusive proof that there is no *quackery* or *deception* about it, but that it is a medicine of most uncommon virtue and efficiency

PAMPHLETS

As no ordinary sized advertisement can *begin* to do justice to the merits of this article the Proprietors have embodied in a pamphlet form the *history* of this Medicine—the *description nature* &c of its principal ingredients—the *effects* they are designed to have upon the human system—and above all the *incalculable amount of good* which it has done They design to circulate this pamphlet extensively, but should any one be overlooked they are earnestly desired to call upon the Agents named below, and procure one *gratis* The *hints* on page 7th may be worth to yourself or family THOUSANDS OF DOLLARS and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible

Such being our confidence in its virtues we are willing to *warrant* the Medicine *in every recent case,* (if used according to the directions) and where the person is not satisfied that he is not deriving benefit from it by returning the bottle within 24 hour's time,

THE MONEY

will be refunded See page 33 of the Pamphlet
